Funny you should mention Tanner - I have asked for a briefing from staff on this very subject.

This week is out. I'm going to ask Carol to find a time when we can meet on this. I'm in Berkeley on Fridays if that works better for you than Sacramento.

It might be useful to fill you in on the history of Class I sites and siting in CA, from the Tanner task force (of which I was a member) in

1983 and onward, including the history of fee differentiation, RCRA/Superfund compliance, etc. Better over lunch, but happy to do so any time. I'm in Sac tomorrow and Thursday if you have any time free.

NO client representation on this, by the way.
