

CPUC CHRONOLOGY

January 2012- Southern California Edison's (SCE) San Onofre nuclear plant shuts down when four new steam generators fail 11 months into their 40-year life span, raising the question whether utility customers will be made to pay for the closed plant.

October 2012- CPUC starts case for utility customers to challenge in a trial (Evidentiary Proceeding), based on evidence, whether utility customers have to pay for the closed plant. SCE must show it acted prudently when it deployed the new defective steam generators.

March 2013- CPUC President Michael Peevey and SCE Executive Stephen Pickett meet at the Bristol Hotel in Warsaw, Poland, and agree in writing to kill the Evidentiary Proceeding, and instead, agree utility customers will pay over \$3.3 billion for the closed plant.

June 2013- CPUC fails to turn over writing subject to a public records request that asks for any writings related to any settlement of the Evidentiary Proceeding.

March 2013-April 2014- CPUC engages in a year-long pattern of deception inducing utility customers with a promised day in court when a "Phase 3" of the proceedings is reached.

April 2014- SCE and CPUC announce a settlement that makes utility customers pay \$3.3 billion for the closed plant.

April-Sept 2014- CPUC President Peevey extorts SCE to honor deal point no. 8 from the Warsaw agreement requiring SCE to pay \$25 million to Peevey's favored research center at UCLA.

Sept 2014- CPUC President Peevey gets Commissioner Florio and ALJ Darling to issue ruling requesting SCE to modify the settlement agreement with a term requiring SCE and SDG&E (co-owner of San Onofre) to pay Peevey's \$25 million research grant.

November 2014- Utility customers file federal lawsuit alleging collusion between SCE and CPUC.

November 2014- CPUC approves deal that kills evidentiary hearing and makes utility customers pay \$3.3 billion for closed plant.

January 2015- Jeff McDonald of the San Diego Union Tribune reports Search Warrant inventory from investigator Reye Diaz' search of Peevey's house; shows Peevey had Warsaw Notes killing the evidentiary proceeding in the top drawer of his home office desk.

March 2015- new CPUC President Michael Picker gives false testimony before Assembly Utility Committee saying settlement was the product of proper negotiations and that he voted for the agreement based upon the public record.

1 April 2015- CPUC President Picker reiterates his false statement that that the settlement agreement making utility customers pay the \$3.3 billion was based on proper negotiations and that he relied solely on the public records.

April 2015- In federal court, utility customers file the March 2013 written agreement that killed the evidentiary hearing and made utility customers pay \$3.3 billion for the closed plant. The notes are recorded on Bristol Hotel stationery from Warsaw, Poland.

After April 2015- LA Superior Court judge finds probable cause to believe the San Onofre case involves felony obstruction of justice.

After April 2015- CPUC files pleadings with LA Superior Court to derail investigation.

March 2016- CPUC requests from the Legislature \$6,045,000 in funding from the Public Utilities Commission Utilities Reimbursement Account 1 (fund 0462). The additional funds are needed to retain the services of outside counsel so that the PUC **can cooperate** with the two criminal investigations currently underway.

August 2017- Utility Customers file motion to unseal search warrant records with LA Superior Court Judge Ryan.

20 November 2017- Records released show the CPUC used the funds obtained from the Legislature **NOT** to cooperate with the criminal investigations, but to **BLOCK** the investigation into the CPUC.
