Dear Los Gatos Union School District Parents and Guardians:

RE: Email Communication

As you may know, the Los Gatos Union School District ('LGUSD') is a member of the Google Apps Education environment. As a participating school, we have free access to a wide collection of Google resources as well as...

- Sending group emails to parents, staff, and community members by site and district-wide;
- Allowing staff and students to work together and learn more effectively;
- Enabling students and teachers to share documents online, at any time, and from any location through Google Docs and Google Sites;
- Connecting our campus more effectively with mobile access, massive storage, powerful search at no cost and no hardware maintenance; and
- The ability to join other education frameworks.

Unfortunately, we have recently learned that Google no longer supports the use of sending large group emails to our parents. As a result, the District and school sites have been experiencing technical difficulties over the past week that may be interfering with your ability to receive email updates and announcements.

The technology department is working to find an alternative solution to address our needs both at the site level and district-wide. We apologize for the inconvenience that this has caused and ask that you periodically visit school and district websites for more up-to-date information at the following addresses:

As Superintendent, I will also be posting ALERT messages on the Homepage under Announcements at <http://www.lgusd.k12.ca.us/> or you can visit the Superintendent's Homepage at <http://www.lgusd.k12.ca.us/superintendent/index.htm> for more information.

As soon as LGUSD is fully functional, you will be notified by letter, as well as, by an announcement on the LGSUD Homepage. If you have any questions, please feel free to send me an email at dabbati@lgusd.k12.ca.us or call my office at (408) 335-2003.

Sincerely,

Diana Abbati
